18. [] LIAISON Attended a meeting of [] 25X1

[] D/DCI/CT, and other Collection Tasking officers with the staff of the Senate Select Committee on Intelligence to discuss the proposed reorganization of the Intelligence Community Staff. The presentation went very well. The discussions did disclose that the Intelligence Community Staff intends to have a number of nonreimbursable people assigned to it in addition to the numbers currently being requested. This could become an issue.

19. [] LIAISON Jim Bush, House Permanent Select Committee on Intelligence staff, called to ask if CIA had any studies of Soviet technical training, particularly in the air field. I relayed the request to the Congressional Support Staff of NFAC.

20. [] LIAISON Called Carole Fuller, in the office of Representative Robert N. Giaimo (D., Conn.), to assist her with a constituent inquiry. [] has told the Congressman that he has worked with the Agency before and that he would like to be contacted by the Agency again. []

[] Ms. Fuller said that the Congressman was not recommending [] but simply wanted to refer the information to us. I told her that I would see to it that the appropriate Agency officials were informed of [] interest.

21. [] BRIEFING Accompanied [] NFAC/CSS, and [] ORPA, to a briefing of Chairman Charles C. Diggs (D., Mich.), Subcommittee on Africa, House International Relations Committee. The subject of the briefing was the current situation in Angola and neighboring countries. (See Memorandum for the Record.)

22. [] LIAISON Ruthann Obenshine, Library of Congress, called requesting a list of all armed conflicts worldwide over the last year. In asking her to describe her request more explicitly, it was decided she would have the congressional office requesting the information call me directly.

23. [] LIAISON David Elam, in the office of Senator Strom Thurmond (R., S.C.), called to ask if we could give him the number of armed conflicts occurring worldwide during the last year or the last decade. After discussing his request at length, and after discussing the matter with NFAC, it was decided that his terms of reference were too loose to be applied to the facts. Since he had planned to use the information for a commencement speech for Senator Thurmond we discussed ways of highlighting the area without getting into actual figures.

24. [] LIAISON Gabe Schoenfeld, Research Assistant to Senator Daniel P. Moynihan (D., N.Y.), called to request a list of prominent Soviet defectors and exiles that would have left the Soviet Union since the defection of Stalin's daughter. I told him we would be able to give him the names of those who had appeared in the media and he said that would be adequate.

25. [] LEGISLATION Had a number of telephone conversations with Representative James A. S. Leach (R., Iowa) concerning the Civil Service Reform Act and the Agency's position with respect thereto.

25X1

26. [] LEGISLATION Called Mike O'Neil, Chief Counsel, House Permanent Select Committee on Intelligence, and told him we were having a hard time getting exemptions with respect to the Civil Service Reform Act and thought perhaps the Committee could help us. He said he would be happy to and asked that I get him the background on the subject and I told him I would do so.

25X1

27. [] LIAISON Called Stan Taylor, Senate Select Committee on Intelligence staff, and made final arrangements for Paul Chretien's, OTR, speech to Brigham Young University interns this afternoon. Taylor also informed me that the briefing for Senator Jake Garn (R., Utah) on ICBM/SLBM accuracy had been put off until 13 June.

25X1

25X1

28. [] LIAISON Called Hal Ford, Senate Select Committee on Intelligence staff, and made final arrangements for him to meet with CIA employees [] NFAC, and [] formerly with DDO, regarding Frank Snapp's charges.

25X1 29. [] LIAISON Received a call from Ralph
McMurphy, Senate Foreign Relations Committee staff, who said the Committee
would take up the terrorism bill, S. 2236, next week. McMurphy wants
to arrange a meeting with Agency representatives regarding our views on
the bill with the following Committee or personal staff employees:
Gerald Decker, Mike Kraft, Barry Schochet, Win Wheeler and Bill
Richardson. He said he would call me back as to the exact date and
time but thought 25 or 26 May would be good days. I subsequently passed
this information to [] OLC, who will handle the arrangements.

25X1 31. [] LIAISON Met with Bill Miller, Staff
Director, Senate Select Committee on Intelligence, to express concern
with what might be in the Committee's report on []
citing my recent experience with a couple of Senators who, on the basis
of the Committee's staff work, I believe, have been providing an unfair
assessment of specific situations. I said I hoped we would be able to
eliminate any imbalance or errors which may exist in the interest of
contributing to constructive oversight which is needed rather than the
appearance of oversight as merely a negative factor of Executive/
Legislative relations.

25X1

25X1 32. [] LIAISON Walter Douglas, in the
office of Representative John J. Rhodes (R., Ariz.), called asking for
our assistance in answering a constituent's question regarding the
organization within the United States Government which is responsible
for addressing the issue of terrorism. I gave him the name of
Ambassador Isham, Director, Office for Combatting Terrorism,
Department of State. This seemed to satisfy Mr. Douglas.
